

**BFI BAKERY FOOD INVESTMENT**

# CATALOG

# ABOUT BFI

**BFI** — is the first large manufacturer of deep-frozen bakery products in Ukraine. The company has been operating on the market for more than 20 years and has proven itself as a reliable manufacturer of hot pastries.

The factory of Bakery Food Investment is located in the village of Kozelets, Chernihiv region. Its capacity allows it to produce more than 1500 tons of products monthly.

The plant has two automatic lines for forming, proofing, baking, cooling, and frozen products.

**BFI**BAKERY FOOD INVESTMENT

A top-down photograph of three cinnamon rolls on a dark, textured surface. The rolls are golden-brown with a dark, spiraling filling. They are dusted with white powdered sugar. Two fresh green mint leaves are scattered around the rolls. A knife is partially visible in the bottom right corner. The word "SNAIL" is overlaid in large, white, bold, sans-serif capital letters across the center of the image.
